Interests:

I have a keen interest in Web development, Big Data Analytics and Python Programming. I have organised many technical workshops such as Ethical Hacking, Programming for everybody (Python), Coding Competitions and various other events in my college. I was the lead organiser of a Technical Conference at IIT, Bombay which was organised by CSI in collaboration with the FOSSEE group. Apart from technical interests I also like to travel and organise Industrial Visits all around India for the college. I am a core member of 4 committees namely The Student Council, The CSI, The Alumni Committee and The Entrepreneurship Cell which has helped me develop qualities such as team work, organising, planning, persuading, negotiating etc.

Participated in:
